

**Low Cost Accommodation, 2025 B14 Worlds  
New College Village, University of NSW  
Many single rooms, small number of doubles**

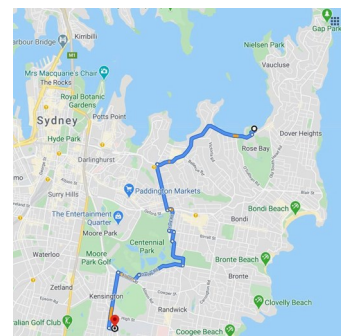

New College Village is located on the University of NSW campus, approximately 10km from Woollahra Sailing Club by road. Travel time by car is between 15 and 30 minutes (depending on traffic); cycling is a viable option as there is a convenient route through Centennial Park.

There are 150 single-bed studio rooms and 10 double-bed studios. The website also shows “Guest” rooms but I’m told that these are normally booked by the same conference each summer.

All studio rooms have air conditioning, ensuite bathroom, desk, desk lamp, telephone, wardrobe, and kitchenette. The kitchenette has a microwave, kettle, hotplate, bar fridge, crockery, cutlery and essential cooking utensils. Internet access included in the room rate. Meals are **not** served by the College over the Christmas break.

**Single Studio Room** (for 1 person, 15 to 18m<sup>2</sup>), single bed. AUD\$119 / night.

**Double Studio Room** (for 2 people, 19 to 22m<sup>2</sup>), double bed. AUD\$124 / night.

The College website does not include online booking, just an accommodation enquiry form. Under “Reason for your stay” please quote Other, B14 World Championship. Unfortunately the College does not guarantee bookings until later in the year. Single studios are plentiful and should be available to all comers; double studios are far less certain (some years only 3 or 4 are vacant over the holidays).
